www.tntkennels.com

***This seminar is suitable for both CKC/AKC Competition Obedience  
AND IPO/ Schutzhund Obedience***

**Day 1 - Will be devoted to HEELING.** Heeling is the core of obedience competition (at all levels) and improvement in this one skill alone will see your score drastically improve. From teaching a puppy, through to advanced dogs. How to teach properly from the beginning and how to correct heeling problems. Marko will be presenting his heeling seminar in a condensed version (from our March 25/17 seminar) and there will be time allotted on the floor for the working dog spots.

**Day 2 - Will be devoted to DUMBBELL/RETRIEVE WORK -** Marko has a Dumbbell presentation that includes powerpoint slides with video demonstrations. Learn how to start dumbbell work and take it to the highest level. Mouthing the dumbbell is a big problem with a lot of dogs, Marko will be covering this issue along with many others. More importantly his presentation will show you how to teach it correctly from the start. We will also be working on ideas for speed and desire for a fast pickup and retrieve. Working dog spots will have time on the floor to learn techniques and work through training issues.

**Day 3 - Various topics -** including motivating play techniques, how to get accurate fast fronts and finishes, signals, moving stand, send outs, game ideas, proofing ideas and more!

Coffee, tea, water and snacks will be provided during the morning and afternoon breaks.  
**PLEASE BRING YOUR OWN LUNCH.**
