Kiersten will be giving us a break down of the rules for the new games PAD and Steeplechase. You will then be running 2 PAD courses and 1 Steeplechase course. This is a great opportunity to try out the new games before the CKC agility trial at the NACA show in June!

OC Agility has generously donated the use of their AAC equipment for this event to save on cost. AAC jump heights will be used for this event.

All proceeds are going to the Australian Cattle Dog Club of Canada National Specialty show being held August 4-7, 2014 at Spruce Meadows in Calgary.
