Sandie Bond

I was very fortunate to have my first labrador, GUINNESS, teach me how to have fun in this field game in 1996. I wanted to work with him and found the field games when the HTs first came to Canada in 1996. As an Amateur I was able to meet and train with many well established and respected Amateurs. I then apprenticed with a professional Retriever trainer, Lorne Langevin for 2 years. I have competed in FT and HT in both Canada and the United States and love them both.

Susie Bell

Susie Bell has been involved with training Labradors since the 1980' s, she has put Hunt Test Titles on 20 dogs with 28 Hunt Test Titles and 43 WC Titles and has judged WC' s since 2001 and Hunt Tests since 2002. Susie loves training handler' s and their dogs both in Obedience and in the Field for WC and Hunt Tests.
