

# Tracking Seminar Registration Form

Sunday May 25th, 2014

With Susan Coutts

Tracking is a wonderful sport to enjoy with dogs of all ages. Stand back and watch your dog show you what an amazing nose they have as they learn to follow an individual human scent outdoors. All dogs are welcome, and as this seminar is for beginners no experience is necessary. Please be aware that dogs will be taking turns tracking, and that you will also be spending time watching and learning from the other teams. Dogs will have different working styles and there is a lot to be learned through observation.

If you have a non-restrictive, non-tightening harness that fits your dog please bring it with you. Please also bring a flat buckle collar for all dogs, even those with a harness. You will also need lots of small, yummy, high value treats to lay on the track and a 6 foot nylon or leather leash. No chain leashes or flexi leashes.

Cost: Working Spot \$100, Auditing spot \$40 Payment is due with registration. Working spots are limited.
