Encourage Ability

Stimulate Agility

Motivate Performance

Do you want to increase your dog's ability in Listening, Learning, Concentrating and Improving Agility leading to an Enhanced Performance?

- Learn how the Sensory and Nervous Systems influence a dog's behavior and outlook.
- See how observation skills can change how you work with your dog, improving the ongoing relationship.
- Watch as your dog starts to stop and listen to you.
- Work and learn and enjoy with your dog, at their pace.

Where: At Stittsville Lions Hall (Nr Ottawa)

When: Saturday February 19th 9:30 - 3:30

Sunday February 20th 9:30-12:00

I have worked with training Guide Dogs for the Blind for 15 years. In that time I have researched and worked with many hundreds of dogs and numerous tools:

Holistic methodology in training Guide Dogs, Sensory Enhanced Learning – Kathy Cascade, Awareness through Movement-The Feldenkrais Method, Tellington Touch, Suzanne Clothier- Understanding Relationships with your Dog, Cross-training for human athletes
With the experience I gained from working with Guide dogs and with what they have to deal with on a daily basis in their work, I have

developed new ways to observe and train dogs in a positive and fun way for you the handler and the dog!

I am looking forward to sharing this knowledge with you.

Dogs are our greatest teachers. Lets learn from them.

A pre-selection of 6 dogs will be worked with throughout the weekend
