Join us for a fun day of carting and learn how to get started with your dog in this sport!

An experienced handler/judge June Ward will provide all the elements to get you started the right way with your dog and carting.

Equipment provided on site.
If you have your own equipment, please bring it!

Dogs do not need to be experienced with a cart, but it would be preferable if your dog has basic training: heel, sit, stand, stay.

Equipment needed for Working position:

- Leash
- Flat buckle or martingale collars preferred
- Lots of treats for your dog
- Cart & harness, if you have equipment already

A welcome package will be offered to our participants ☺

Things to bring for the day:

- Appropriate clothes and shoes/boots for spring weather. "We are outside"

- Chair

- Lunch and snacks

Coffee, tea and hot chocolate will be provided. Water for our 2 and 4 legged participants will also be provided on site.

For those who wish after the Draft Clinic, a nice relaxing walk will be organized as a reward for our hard work and concentration ☺ It is spring, so bring your trail boots!

The draft clinic will be organized, rain or shine, but if ever the weather is really bad, the clinic will be cancelled and reported to a later date. We will advise accordingly to our participants a few days in advanced!
