

Structure and Movement Seminar with Michelle Scott

Société Canine De Québec Inc is inviting you to a Seminar on dog structure and movement with Michelle Scott on November 2 & 3, 2019.

Michelle Scott has been involved in dogs her whole life. Starting with Irish Setters as a young girl she has been deeply involved in Akitas, Lakeland Terriers, Miniature Poodles and since 1987, Standard Poodles. Her passion for dogs was reflected in her career choice as a professional handler in Canada, following along that path she is now an all-breed judge.

Many of you are following with great interests her Facebook post on dog structure. She will share with us her knowledge both in theory and practice as we look and examine a few dogs of various breeds to assess their movement

This will take place at SCQ venue: 14, rue Soumande, Québec, Saturday and Sunday November 2 & 3 2019, from 9h00 to 16h00.

Day 1: Basic anatomy, finding landmarks, and understanding generic movement and typical movement faults

Day 2: Going more into breed specific traits that make the breeds unique.

You are invited to bring your own chair for more comfort, but there are some available onsite. Lunch is included, Saturday: St-Hubert, Sunday Subway.

Reservation and payment received by October 15: \$175 / After October 15: 200\$
Special reduce fee for Juniors : \$75

*****No refunds*****
