

THE WINNING TEAM Seminar

By Linda G Smith

I Began showing dogs in 1964 and was very successful in the Junior Handling ring and decided to make dogs my lifelong career.

Over the next 3 decades Professional Dog Handling was my full-time job. I showed, trained, and Groomed All Breeds from Great Danes to Chihuahua. I traveled across North America Showing at All Breed Shows and many Breed National Specialties and had the Privilege of being mentored and becoming Lifelong Friends with many of the Dog show World's most Famous Judges and Breeders. Along the way I learned what works and what doesn't work when training and showing dogs.

Now as I have become a senior citizen I only show my Papillons occasionally but still love the dog show scene and attend the Papillon Nationals when I can I have done my seminars for many years and find people seem to get something out of every seminar as no 2 are exactly the same.

We are here to make you and your dog *A WINNING TEAM!*

Remember: WINNING ISN'T EVERYTHING BUT LOOSING SUCKS!

This seminar is 20 people only for two days, full payment is required to hold your spot. You must attend both days as one day you and your dog work as a team and one day you take notes.

We will have audit only spots available as well.

During this seminar Linda will give you tip and guidance on how to present your dog as if you where a professional handler. You will learn what a judge can be looking for and why they want to see certain things. Linda will try to answer any questions you have or concerns with getting that perfect look for the judge.

March 14&15 2020
