

Physics of Balance - A Veterinary Perspective

MAY 8TH, 2025 SEMINAR BEGINS AT 6

Dinner is
Provided
@ 5 p.m.

A Seminar not to be Missed...

Dr. Terill Udenberg DVM will hold your attention for 2 – 3 hours of very open discussion “Why dogs move the way they do! Where do you look for the structural problems - when they move a certain way! How they compensate, to maintain their center of gravity!

It's a **scientific law of weight and gravity!** What makes a show dog move with rhythm?

At the end of this seminar, you will be able to make an informed decision on “where to check structure” to explain how and why the dog moves the way he does!

\$40 prior before closing date

\$60 after closing, if there is room
