THANK YOU!!!

Thank you all for your acceptance of the rules we have to enforce – and know that we have tried our best to make this show an enjoyable one for everyone, despite the complications which arise at a show of this size. We also know you understand how difficult it is to draft a judging schedule that makes everyone happy....we are aware some of you have a lot of grooming, some of you have more than one breed, etc. but with 12 specialties and a large all-breed entry it is difficult to make a "perfect" schedule for everyone. Thank you for your understanding!!!

*****ATTENTION DACHSHUND EXHIBITORS!*****

This is your chance to be involved in a veterinary study of Dachshund movement!

In the curling building all weekend – if interested please drop by the Veterinary table to make an appointment that suits you.

Rachel McCann is a veterinary student conducting a summer research project at the Western College of Veterinary Medicine with Drs. Romany Pinto, Danielle Zwueste and Kira Penney. "The goal of our study is to describe the normal gait for Dachshunds. This has been done in other breeds, such as Labrador Retrievers, Border Collies and Hounds, but has never been done in Dachshunds. An understanding of what is normal movement for this breed would provide a valuable reference for veterinarians. This would also be an important first step in studying abnormal movement, such as in dogs with back problems. For our study, we are recruiting healthy Dachshunds to walk and trot across a computerized pressure walkway. We use this walkway to measure various aspects of their gait such as the amount of force they put on their forelimbs compared to their hind limbs."

The inclusion criteria for our study is as follows:

- Male or female Dachshunds (miniature or standard)
- Neutered, spayed, or intact
- Dogs must be full Dachshund (no crosses), however registration papers are not required
- Dogs must be between 1 and 7 years of age (can be 1 or 7, but not over or under)
- Dogs must be generally healthy (i.e. have no illness that affects how they are moving) and not have any orthopedic problems
- Dogs must not have a history of back problems or neurological problems, including episodes of back pain, previous back surgery or a wobbly gait

As part of this study, your dog would receive an examination performed by a veterinarian. The anticipated time requirement for participation is approximately 45 to 60 minutes per dog (including paperwork, an examination and walking and trotting several times across the pressure walkway.

Notice of Judge Change

The NACA Breeds of Belgium Limited breed show – Unfortunately Eugene Phoa is unable to fulfill this judging assignment, therefore Bouvier des Flandres will now be judged by Shirley Hubenig, ALL other breeds will now be judged by Val Hansen.

There was a judge overload for Obedience on Saturday June 2. The following changes have been made: Carol Allinson will be judging Open 18A, and Utility A for James Ham.

****Please note in accordance with the Obedience and Rally Obedience Rule 3.4.4 **** A qualifying score earned under a substitute or replacement judge will be considered as having been earned under the advertised judge."

Pursuant to CKC rules: Exhibitors affected by the change may withdraw from the substitute judge no later than 1 hour prior to the class judging, providing that notice of withdrawal is made in writing to the Show Secretary (CKC dog show rule 3.3.1)

Please Note – ANY Specialty times etc. in this schedule are for information only – please see each clubs OFFICIAL JUDGING SCHEDULE for full information. Thank you!
