

THE CHIHUAHUA CLUB OF CANADA
AND
ROYAL CANIN

PRESENT

SEMINAR: CANINE REPRODUCTION

**How to use nutrition to optimize reproduction in dogs
Neonatal care in puppies**

Dr Emmanuel Fontaine graduated from the Toulouse Veterinary School in 2004. From 2005 to 2011, he worked at the Centre d'Etude en Reproduction des Carnivores (CERCA) [Research Centre for Reproduction in Carnivores], a unit of the Alfort Veterinary School (Paris) specializing in pet breeding assistance.

Dr. Fontaine holds a Master Degree in Biology of Reproduction and Development and has recently completed a PhD in the same field of research. He is also qualified at the European College for Animal Reproduction (ECAR). He joined the Royal Canin team in September 2011.

The topics that Dr. Fontaine will be covering are: Canine Neonatal Mortality, Fertility and Reproduction, Basics in Canine Reproduction including Infectious Diseases, Nutrition, Kennel Management and Genetics.

Date: Saturday, May 7, 2016

Time: 10:00 a.m. - 4:00 pm

Location: Room T 104, Basement main building, Concordia University, 7128 Ada Blvd., but access to the parking lot is from 112 Ave, south on 73rd St. to the end.
