

Problem Solving in the Urban Environment

K9 Tracking Weekend Workshop May 4-5/19

With Maureen Fielding
K9Leadership.com

Spiritdance Coaching & Tracking is excited to bring Maureen Fielding to Medicine Hat, offering trackers and students of scent detection insights into working with your dog in urban environments.

Working teams and Auditors will benefit from Maureen's knowledge of following tracks and locating scent in challenging urban environments, and from her tips for training and handling K9 partners to success.

Since founding K9 Leadership in 2008, her instruction has helped her own students achieve well over 100 tracking titles in all venues. She has two dual tracking champions., a GSD Orrin, and a mixed breed, Griffin.

K9 Leadership also offers Extensive Area Search and Odor Detection Training. Maureen brings this knowledge to her Urban Tracking instruction! She is currently working on advanced Odor Detection with her dual TCH / CT Griffin.

Make sure to be part of this fantastic weekend!

Register early, working spots are limited to 10 and will go quickly.

Auditors! This workshop will be of interest to trainers seeking to learn more about scent in urban areas.

DATES: May 4-5—weekend workshop

May 6—private lessons will be arranged

LOCATION: Medicine Hat, Alberta—beautiful urban venues and beautiful tracking weather.

FEE: \$250 per working team; preference to teams that attend Saturday and Sunday

AUDITORS: \$100 for 2 days, or \$60 per day

DEADLINE: Friday, April 5, 2019

WHAT YOU GET! Tracking and scent article—location exercises and tracks, including blind tracks and critique; observe dogs work in a variety of conditions and locations; handouts and training booklet; ask questions; tips to read the environment and read your dog
