Indignities:

It shall be the duty and obligation of the trial-hosting club to see that any judge, club official, ring steward, volunteer, or competitor at a Rally Obedience Trial held under these regulations, is not subject to indignities of any kind. The Trial Chair shall take action as deemed necessary to restore order, including removal of the offending person(s) without refund.

Accommodations for Disabilities:

CARO welcomes and encourages the participation of all dogs and handlers. Should a dog or handler have a physical disability which prohibits the completion of one or more station signs, modifications can be made to the course to reduce or remove components which are impediments to the team's performance.

Common modifications include:

- Reducing the height or depth of the obstacles (e.g., jumps may be reduced to a pole on the ground)
- Reducing the number of sits requested on the course.
- Allowing extra time
- Minimizing the number of stations that include repetitive turns like spirals.
- Allowing for larger turns in stations such as the 270 degree and 360 degree turns

Judges shall make reasonable time modifications for owners or dogs with limited mobility or for larger, slow moving breeds of dogs.

Veteran dogs (7 years of age and older) do not require a modification request to reduce the height of jumps or depth of the broad jump.

Process to Obtain a Modification:

1. Final approvals for modifications are at the discretion of the judge.
2. Competitors must submit a request for modification with their entry form.
3. The request should include:
 - a. A description of the physical challenges involved.
 - b. A description of the modifications being requested.
 - c. Contact information to allow the judge to contact the competitor if need to clarify information and discuss modification options.
 - d. For dogs: in cases where the challenge may cause the dog to appear unsound, such as having an uneven gait, the request should be accompanied by a letter from a veterinarian which states that the dog is able to compete without discomfort. A copy of the letter should be included with each trial entry where the modifications are requested.

Health Reminders:

No dog may be brought onto the grounds or premises of an event if it:

1. Is known to have distemper, parvovirus, kennel cough or other communicable disease, and/or
2. Has recovered from distemper, parvovirus, kennel cough or other communicable disease within 30 days prior to the event, and/or
3. Has been housed within 30 days prior to the event on premises on which there existed distemper, parvovirus, kennel cough or other communicable disease
