

## Tracking Seminar Registration Form

Saturday April 27<sup>th</sup>, 2013

With Marie Babin, Maryke Warwick, Eileen Fisher & Candy Rennie

Tracking is a wonderful sport to enjoy with dogs of all ages. Stand back and watch your dog show you what an amazing nose they have as they learn to follow an individual human scent outdoors. All dogs are welcome, and as this seminar is for beginners no experience is necessary.

If you have a non-tightening harness that fits your dog please bring it with you; if not, we will have various sizes of harnesses available to be borrowed at the workshop. Please bring a flat buckle collar with you just in case. You will also need lots of small, yummy, high value treats and a 6 foot nylon or leather leash.

Total Number of working spots available is 12. Working dogs will be split into several small groups for field work, each overseen by an experienced tracker.

Cost: Working Spot \$100, Auditing spot \$40\* Please add HST to these prices. \* Payment is due with registration.
