At the December Board meeting input provided by the membership was reviewed and considered to the board regarding the noticed posted to the CKC website on November 6, 2010 regarding a new Tracking fee for non-members. The Board has made changes to the original motion approved at the September Board meeting and the following motion was passed in December and therefore the following non-member participation fee now applies and is retroactive to January 1, 2011. The non-member participation fee applies to all Canadian residents who participate in a CKC event and a participating non-member can chose to purchase a CKC membership or pay the non-member fee. This only applies to dogs wholly owned by non-members and is not applicable to CKC members or dogs co-owned with a CKC member. In order for the CKC to efficiently manage recording and tracking points, it's important that non-members select one of the two options within 30 days of notification or, unfortunately, we will be forced to cancel any awards and titles.

### 24-12-3. Non-member participation fee

a) An annual non-member participation fee for awards and titles will be charged to a Canadian non-member of CKC. The fee will match the ERN fee.

b) In order to protect the awards/titles earned, the non-member will have a choice either to become a CKC member or to pay the non-member participation fee. Failure to comply within 30 days of notification will cause all awards and titles to be cancelled.

c) The Premium List must carry a note stating that these fees apply only to dogs wholly owned by non-CKC members and are not applicable to CKC members.

### How Will This Test Work?

First, the Secretary will assign each entry a group number. This number will be relayed to each entrant before the day of the Test. The handler's meeting will be delivered via email on the Friday evening before the test. It is the handler's responsibility to read and understand. The secretary's phone will be available for calls, however, she will be setting up on the field and it may be better to text her.

On the day of the Test, dogs will be brought to the field at the time indicated for their Group number. DO NOT arrive before your group time. Dogs are permitted ONE (1) handler to release them and ONE (1) catcher to retrieve them.

Schedule is as follows:

9:00 AM	Saturday	Group 1 Test 1 Group 1 Test 2	Sunday	Group 1 Test 3 Group 1 Test 4
12:00 PM		Group 2 Test 1 Group 2 Test 2		Group 2 Test 3 Group 2 Test 4
2:30 PM		Group 3 Test 1 Group 3 Test 2		Group 3 Test 3 Group 3 Test 4

When you arrive you will approach the secretary's office with your dog (tent at mid-field). The Test committee will assess the dog for lameness by having the owner gait the dog about 30' away from and towards the test committee. The handler and catcher will wait at their vehicle until the dog's name is called. There will be a warm up area, however, handlers warming up their dogs should stretch them at their vehicles and make sure to keep physical distance from anyone else. The potty area will be marked.
