His current dogs include two Belgian Malinois, two Border Collies , a German Spitz and a Boxer. An internationally renowned seminar instructor, Kamal's other career highlights include being a Championship Obedience Judge and an active competitor at Crufts and other top events in the United Kingdom.

Based on a combination of science and hands- on experience, Kamal has established a reputation for positive training and has championed the use of reward-based methods all over the world. "Kamal ... has developed a method of training that is underpinned by scientific assessment (of popular methods) and pro-active innovation and implementation of new techniques. He promotes positive reinforcement via a systematic program that is designed to establish the relationship between the handler and dog..... Kamal's training philosophy is influenced by his love for dogs.

Kamal has designed a training method that achieves a specific objective by creating harmony and synergy between dog and handler. The outcome is an experience that the dog enjoys and the experience commands the dog's undivided attention whether it involves working on the hallowed green at Crufts or simply crossing the road."
